LETTER TO OUR COMMUNITY

To the 40 West Arts Community:

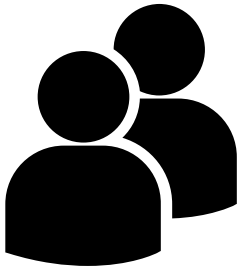

40 West Arts District continues to thrive, even as the world around us changes rapidly. In fact, this change only highlights the relevance and urgency in supporting the arts, so that they can continue to provide a voice to the experience of being in the world today. And just like the individuals and organizations that 40 West Arts champions, our arts district continues to be resilient, nimble, passionate, and creative.

At our core, 40 West Arts and our partners continue to be about service to community. We exist to inspire civic engagement, neighborhood activation, community strength, and human connection. 2022 only served to remind us that these values are fundamental, and at the core of everything we do in 2023 and beyond.

Liz Black, Executive Director
Bill Marino, Board Chair
Terra Marks, Gallery Manager
